

Easily switch between
desk phone and PC calls

Use with corded or wireless
USB headsets

plantronics®

Unite your enterprise voice

MDA200™

Step smartly into Unified Communications without leaving the desk phone behind.

MDA200™

Unite your enterprise voice. Uniquely designed to solve the communications challenges of businesses migrating to Unified Communications, the MDA200 headset communications hub lets you manage PC voice and multi-media, while maintaining connectivity to your desk phone. Work the desk phone. Launch the softphone. Even take calls on the mobile when used with a Plantronics Bluetooth™ USB headset.

ENHANCES CALL MANAGEMENT

- Allows choice of one corded or wireless USB headset for users in-the-office or on-the-go
- Simple User Interface to easily answer/end and switch between desk phone and PC calls
- Supports remote call control with Plantronics corded and wireless USB headsets
- Manage calls from PC, desk phone and even a mobile phone when used with Bluetooth USB headsets (like Voyager® PRO UC)
- Compatible with Plantronics corded desk phone headsets (H-Series) when used with a DA Series USB adapter
- True voice clarity with wideband/stereo audio support

RAPID DEPLOYMENT

- Plug-and-play, no hassle installation
- Compatible with softphones from every major UC provider
- Upgradable firmware ensures future compatibility and feature support

RECOMMENDED ACCESSORIES

- Use with Plantronics Electronic Hookswitch (EHS) cable or HL10 handset lifter to enable remote answer/end control with the desk phone
- Use with corded or wireless USB headsets or Plantronics H-series headsets (with DA Series USB adapter)
