Plantronics Unified Communications Portfolio for Microsoft

	    				<h2>Technology Legend</h2> <p>Smart Sensor™ Technology Built-in sensors deliver automatic functionality like answering a call by placing the headset on and simultaneously updating softphone availability status.</p> <p>Adaptive Power Adaptive power system optimizes for range and talk time by automatically downshifting to low power when the headset is close to the base/USB adapter to save battery life and maximize density.</p> <p>A2DP A Bluetooth® profile that allows high quality audio content to be streamed from one device to another through a Bluetooth connection. Listen to streaming media, music and navigation wirelessly through your headset.</p> <p>AudioIQ2 Keeps calls clear, regardless of the environment. Automatically adjusts incoming calls to a comfortable listening level.</p> <p>SoundGuard Sound leveling for listening comfort and acoustic limiting for protection against sounds above 118 dBA.</p> <p>SoundGuard DIGITAL All the benefits of SoundGuard, plus anti-startle protection which detects sudden increase in sound and eliminates the increase, and Time Weighted Average (TWA) measurement which prevents average daily sound exposure from exceeding 85dBA.</p> <p>Wideband Frequency range up to 6,800 Hz. Meets TIA-920 standard for genuine wideband response.</p>
